

Special Sale – Parts

Dear Valued Customer:

*As a professional manufacturer of linear motion products, our production program includes a wide range of different parts. While these parts are made for our own use, we now also open them for sale. Even though a complete list of all the parts is not available at the moment, please **contact us if you are looking for any parts in the categories listed on the following pages**. Let us know the size and requirement, and our service personnel will check for you and reply to you. Thank you!*
